2. Page C-7.

**Strike:** line 12 in its entirety

- END -

Explanation - This amendment eliminates \$100,000 state special revenue funding for the rail transit authority in the Rail, Transit, and Planning Division of the Department of Transportation. Also eliminated is the language that makes the funding contingent upon passage and approval of SB 291.

Funding for this purpose was added to HB 645 in the Senate and this appropriation is not necessary as it duplicated that funding.
